

# Appion Product Registration & Warranty Service

## OBTAINING WARRANTY SERVICE

All warranty services must receive Appion Factory Authorization and a RGA number prior to any action. Contact your local Appion authorized distributor to obtain the RGA number and shipping instructions. To help us provide the best service, be sure to have the following information available:

- Serial number of the equipment
- Purchase date of the defective unit
- A detailed description of the problem

## LIFETIME TECHNICAL SUPPORT

Appion offers technical and troubleshooting customer support for the lifetime of every product. Regardless of your warranty status, you can always contact us for assistance. Our website includes additional technical information that can help you experience the full potential of our products, making your job quicker and easier. **Phone: 303-937-1580** or **e-mail: Support@AppionTools.com**

## PRODUCT REGISTRATION

To allow Appion to provide warranty service, please register your purchase using the below Warranty Registration Card within 10 days of purchase. **Be sure to include a copy of your sales receipt.**
