

TEZ8 Product Registration & Warranty Service

OBTAINING WARRANTY SERVICE

All warranty services must receive Appion Factory Authorization and an RGA number prior to any action. Contact your local Appion authorized distributor to obtain the RGA number and shipping instructions. To help us provide the best service, be sure to have the following information available:

- Serial number of the equipment
- Purchase date of the defective unit
- A detailed description of the problem
- **Notice:** To prevent oil leakage during shipment, please install an **empty** TEZOM cartridge or the Oil Port Shipping Cover prior to shipping

LIFETIME TECHNICAL SUPPORT

Appion offers technical and troubleshooting customer support for the lifetime of every product. Regardless of your warranty status, you can always contact us for assistance. Our website includes additional technical information that can help you experience the full potential of our products, making your job quicker and easier. **Phone: 303-937-1580** or **e-mail: Support@AppionTools.com**

PRODUCT REGISTRATION

To allow Appion to provide warranty service, please register your purchase using the below Warranty Registration Card within 10 days of purchase. **Be sure to include a copy of your sales receipt.**

Appion TEZ8 Warranty Registration Card			
Please complete this card and return it within 10 days of purchase with a copy of your sales receipt.
