

Appion's New Hose Hangers

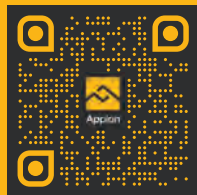

Part #'s - HH1414 & HH1438

The New Hose Hangers are a simple accessory meant to organize the hoses in the technician's van or workshop. They also keep contaminants out of the hose, and make it easy to grab & go to the next jobsite.

The hose hangers are available in 5-packs for existing hoses, and each new MegaFlow™ Hose purchase includes one.

Features:

- Easily hang and organize recovery & evacuation hoses.
- Keep hoses clean, dry, and free of contaminants. Protect hose fittings & gaskets from damage.
- Available in two sizes for the most common fitting combinations.

HH1414

HH1438
