High Load
Capacity

Extended
Wireless Range

IP54
Rated

1 Gram
Resolution

The refrigerant scale for when grams matter!

✓ Superior Precision

- Ultra-fine 1 gram resolution for precise and accurate measurements.

✓ High Load Capacity

- Able to handle a weight range of 0-264 lbs (0-120 kg).

✓ Easy-to-read, Backlit LCD Screen

- The illuminated display with enlarged numbers allows for optimized readability in poorly lit conditions.

✓ Wireless Bluetooth® Range

- Extended wireless Bluetooth range of up to 1000 ft.* for ultimate app connectivity no matter where you are.

*line of sight

PTCKIT

PRESSURE-TEMPERATURE GAUGE

*Your essential tools for complete
refrigerant circuit monitoring!*

✓ Critical Measurements

- View both positive and negative pressure measurements, saturated temperature, superheat, and subcool calculations.

✓ Extensive Refrigerant Library

- Select refrigerants from the onboard library of over 160 types of refrigerants, including R-32, R-407C, R-410A, and R-454B.

✓ Flexible Probe

- The PTC900's bendable probe aids in accessing hard-to-reach service ports.

✓ Wireless Bluetooth® Range

- Extended wireless Bluetooth range of up to 1000 ft.* for ultimate app connectivity no matter where you are.

Appion Central™ App

Unlock the full potential of our digital measurement tools!

- Live Data-Logging
- Rate of Change
- Export Job Reports

- Remote Viewing
- Set Custom Alarms and much more!

RHT100

RELATIVE HUMIDITY TEMPERATURE

Accurately and precisely measure relative humidity, ambient temperature, wet bulb, and dew point!

Part# RHT100

✓ **Flexible Probe**

- The bendable probe aids in providing precise measurements in hard-to-reach areas.

✓ **Easy-to-read, Backlit LCD Screen**

- The illuminated display allows for optimized readability in poorly lit conditions.

✓ **Measurements Hold Feature**

- Utilize the HOLD button to freeze displayed readings.

✓ **Wireless Bluetooth® Range**

- Extended wireless Bluetooth range of up to 1000 ft.* for ultimate app connectivity no matter where you are.

AV760

FULL-RANGE VACUUM GAUGE

SCAN TO LEARN MORE

Part# AV760

Dual Sensor

Full-Range Measurement

3-Level Protection

IP65 Rated

High-Resolution Full-Range Response Vacuum Gauge!

✓ **Full-Range Measurement**

- Accurately measure the entire evacuation process from atmosphere to 1 micron with the gauge's ultra-fine resolution.

✓ **Triple Protection**

- A large particulate filter, ball check valve, and oil catch screen keep the sensors clean and help maintain accurate measurements.

✓ **Advanced System Analysis**

- With the Appion Central™ App, the gauge is capable of live data-logging, reporting, decay testing, and more.

✓ **Durable**

- A rubberized water-resistant IP65 rated housing protects the gauge from the hazards of the job site.
